How to Join the Online Wizer Class
~ Jazz ~

We will be utilizing an online "classroom" that will allow you to access, complete, and turn in assignments for our jazz class.

Prior to accessing the assignments, you must enroll in the online class.

Please follow the instructions below to enroll:

- You should have already created an account enrolled in the FHS Band class.
- Once logged in, click the button titled "Join a Class"
- Enter this code (the access code is also called a token): 5x5WjZ
- You should now be enrolled in the class titled FHS Jazz
- At this point you should see assignments for the class.
- You may click on the first assignment and begin.

Assignments will be added to the class each day.

Helpful Hints:
- Clicking the "Save" button at the bottom of the assignment just saves your current progress in case you need to take a break, or go eat dinner, etc. You can always return and finish your assignment at any time.
- Clicking the "Hand in Work" button will actually submit the assignment to the teacher (after you confirm).

If you encounter any problems with the band website, the wizer website, or any other issues, please READ THESE INSTRUCTIONS AGAIN. Then feel free to contact the band staff. We will be happy to help.
